2学期のスタートに向けて

The summer holidays were extremely hot, but the second semester has finally begun. We would like to express our sincere gratitude to all parents for your warm support in your children's lives. The second semester is a particularly fulfilling time of the year for events and learning activities. There are many opportunities for children to cooperate with each other and experience their own growth, such as the choir competition, sports day, and Sano San EXPO (cultural festival).

We ask for your continued understanding and cooperation so that the school and families can work together to ensure that each child can learn with peace of mind and have a fulfilling school life.

About events in the second semester

This year, to prevent heatstroke, the choir competition will be held on Thursday, September 25th for preliminary rounds, Friday, September 26th for the final round, and Friday, October 24th for the athletic meet. The Sano San EXPO (cultural festival) will be held on the Saturday school days of November 21st (Friday) and 22nd (Saturday). Parents are also invited to attend on Saturday, November 22nd.

平和学習の取り組み

We held a peace study session on Saturday, August 9th. Members of the third-year Peace Study Executive Committee gave presentations on what they learned on their school trip to Okinawa. We are a generation that has never experienced war. However, from past history and current world events, we have learned that "war destroys people's lives, their hearts, their livelihoods, everything." Now, 80 years after the war, what we need to convey is, "The Importance of Peace" I think so. And, "War only brings tragedy to any country." For the sake of the future, I want to live my life without forgetting the value of peace that I have learned from the past.

こ小中交流会・私たち第三中に必要な力

吹奏楽部 大阪府吹奏楽コンクール本選銀賞受賞

Wednesday, August 6th, teachers from kindergartens, elementary schools, and high schools in the Third Junior High School district gathered for a training session. A total of about 80 people participated, and this year's theme was "Today's conversations will change tomorrow - creating a safe group through connection time," combining explanations and demonstrations. At the staff networking event, they spoke about "what they are working hard to do in order to create the kind of children they want to be."

[Once the school name is decided...]

It was extremely rewarding to learn about the challenges faced by each age group through conversations with teachers from various schools. This was a good opportunity to connect with the image of children we aim to create over the next 15 years and get teachers in the Third Junior High School district to work in the same direction. We hope that the school name we have been soliciting will be decided and that this will serve as an opportunity for the Third Junior High School district to educate in the same direction.

[The skills we need at Third Junior High School During the first semester, the Student Council held a "School-wide Online Meeting" where they collected the opinions necessary for our Junior High School and had the teacher in charge summarize them. These have also been posted on the staircases of each floor, so let's raise awareness! Cherish the three powers!!

地域の方々に感謝♪

この夏休み中にたくさん寄贈していただいたり協力をしていただきました。車いすを寄贈していただいた団体様、玄関の塗装作業を行っていただいた地域の方、階段・生徒下足棟前の修繕作業を行っていただいた卒業生の皆様。また、美術部の生徒もフロアーの案内掲示の作成を手伝ってくれました。感謝♪

年代を越えて第三中学校を応援してくれています。いつかみんなで返していきたいと思います。
